OUR PASSION

Our passion for contemporary space is only matched by the absolute accountability we bring to every project. Since our first ever project, our clients have been overjoyed with the end-product. And if we don't deliver on time, which almost never is the case, we hold ourselves accountable.

As for our designers, they come equipped with global experience and deliver the best end-to-end solutions well within time. These are designers who are able to Co-create' ideas into successful projects, which work both aesthetically and commercially.
Their experience and time spent abroad provides them an endless supply of creative ideas and inspiration. While their fanatical attention to detail and meticulous care results in luxurious bespoke interiors that often exceed our clients' dreams.

OUR VISION

To create the most functional, beautiful and affordable spaces by constantly raising the lock, stock, barrel and bar in design, technology and professionalism ; thereby delivering absolute customer delight.

FOYER

Foyer stands for the space that connects the entrance of your home with your rooms. It is often referred to as hallway, entrance hall, or vestibule: each of the terms refers to the area where you welcome your guests, both in houses and apartments.
Most of the time, foyers are neglected by home owners; and they are seen as a useful 'transit zone' that takes you from one place to the other, rather than a beautiful place that could be enriched with specific design ideas for foyers.
You need to change the mindset, and start thinking of your foyer as something different than your shoe storage area. There are many front hallway decorating ideas that will personalize the foyer, and make it just as lovely and sophisticated as the other rooms in your house.

Living rooms serve many functions in a home, so it's important to find the right arrangement to handle family time and visiting guests. In three stages, we transform this living room from awkward and bland to fully functional by improving traffic flow, highlighting focal points, and adding a splash of color.

Boost your kitchen's function and appeal with a practical design. See how a sensible kitchen setup can make cooking, cleaning, entertaining, and more a whole lot easier.

THESE PAGES WILL LEAVE YOU WITH MORE THAN THE HOUSE YOU DREAMED OF. THEY WILL GIVE YOU A SNEAK PREVIEW OF THE LIFE YOU ALWAYS DREAMED OF.

" RECOGNIZING THE NEED IS THE PRIMARY CONDITION FOR DESIGN."

Charles Eames.

" WHERE WE LOVE IS HOME- HOME THAT OUR FEET MAY LEAVE, BUT NOT OUR HEARTS."

-Oliver Wendell Holmes.

The stylish, classy look seem to be a touch above the rest in terms of design and offer great visual contrast....."A dream come true"...

White can be the perfect base for any bedroom design. Decorate a white bedroom to create a stylish and serene retreat. This bedroom benefits from various subtle wood tones and natural textures The subtle patterned throw pillows give the bed a splash of personality.

POOJA ROOM

Pooja or prayer rooms are designed to create a sacred space where we send our prayer vibrations to the Gods we adore. It is a place where we conduct rituals to show honour and reverence for our creators. We adorn our shrines with gold, glitter and fragrant flowers; we light up lamps and incenses, creating an island of calm where we join our hands in prayer to the divine beings in which our faith lies.
This simple pooja room design is highlighted by an elegant background panel and soft lighting. The overall design and lighting give this pooja room a spiritual glow that resonates with the vibrations which created this world.Thispooja room radiates with serenity, calm, and will put you into a deep meditative trance.

" A ROOM SHOULD NEVER ALLOW THE EYE TO SETTLE IN ONE PLACE. IT SHOULD SMILE AT YOU AND CREATE FANTASY."

Juan Montoya

WARDROBES

Designing a wardrobe that is in sync with the decor of your room while catering for all the functional and storage requirements often presents a challenge. Especially when space is a constraint.
The design of a wardrobe should be aligned with the needs of the room occupant and storage requirements defined accordingly. The various aspects that need to be considered are organising the space so as to maximise storage. creating a design that integrates with the design scheme and configuring simple design elements that add to both function and form.

SMART STORAGE

Smart storage can enhance tidiness and organisation in any room of the house, whether it be an extra cupboard, hidden storage box or even some cute rails and racks, our designers will help you with tips and tricks to add some simple yet easy storage ideas throughout your living space, from the kitchen to the bedroom.The space under the stairs could just be the ideal spot to store your towels, bed linens, extra blankets and pillows. Add some doors for that sleek and contemporary look without the clutter.

KIDS ROOM

For most children, their bedroom is a place to escape and daydream. A space dedicated to homework, games, books and toys. So it comes as no surprise that most kids' room designs are fun, bright and have engaging decor. Because kids' room themes are endless they pose a design challenge, as children's preferences change very often. The trick to a smart design for a playroom, teen or kids bedroom is choosing one that will go the distance with fun, growth and practicality. Our Kids room are well thought and planned keeping the tastes and preferences of our clients

BALCONY

Provide a true extension to your living space with even the teeniest of city balconies.
City living and outdoor space don't always go together. That's why even a small balcony is a real luxury ... if you know what to do with it, that is. From creating a nap-inducing lounge area to planting a bustling garden retreat, we design and show you how to make your small outdoor space work perfectly for you.

BATHROOM

When discussing interior design or making a plan to renovate our home, only few of us would remember to mention the bathroom interior design.
It is because we perceive it as the utilitarian area which has to be practical more than beautiful, or maybe because its small size creates a deception that it will be easy to decorate it.
The truth, however, is that bathrooms are full of priceless tricks for pleasant ambiance and functionality, and we have to do our best to turn them into stylish havens rather than keeping them to our second thoughts. By stylish, we don't refer to usable, but rather to interesting and exciting.
The main idea behind bathroom design is to create a space which feels homey, but looks modern.
We help you combine accessories that are easily available everywhere around us, and their cost is rather modest, in a contemporary theme which can attract attention.
